

Month: April

Chubby Connect

Online classes

COVID-19 pandemic has made a global impact in the past weeks and continues to impact most of the sectors, with the education sector being one of the most affected ones. Students across the world are losing valuable time in their education due to the lockdown imposed. But we are providing online learning opportunities which kids can access from your homes, thereby making good use of this lockdown period for their knowledge enhancement.

Skill Up during this Lock Down

Online classes are being taken as per the curriculum , not letting lockdown stop kids from learning new things. As the new session begins in April , the kids were introduced to a lot of new things . Classes began with the oral practice of numbers , alphabets , animals' name , birds' name and so on. In this month kids were thought the importance of washing their hands time to time . Flameless cooking, storytelling, finger puppet shows , art activities were done in the month.

Flameless cooking

Vaani's mouthwatering ROTI

This NIMBUPAANI had us craving for some
