MATH:

- Learned about 2D shapes
- Reverse counting
- Concept of Before and After
- Read and Write numbers up to 50
- Concept of addition

EVS:

- My body parts
- What's a good and a bad touch
- How body parts function
- Introduction to yourself
- Magical words like sorry, thank you, please to develop gratitude and empathy

ART AND CRAFT:

- Creating Finger Puppet
- Making an animal by using paper plate
- Using waste material and creating something out of it

CHUBBY CONNECT
MARCH 2022

This month was full of educational fun as we marked our 5th field trip with our lovely chubby babies and celebrated festival of colours with lot of fun.

IN THIS MONTH:

- Children went to National Zoological Park Delhi on a field trip
- Theme of the month Animals and their needs
- Types of animals and where they live, how do they sound
- Holi it was, the festival of colours and joy
- Quiz time: To reinforce the subject animals various questions on animals were being asked, kids enjoyed their quiz session

- **SKILL DEVELOPMENT:**
- Recognition skills
- Communication skills
- Memory skills
- Language skills
- Logical skills

OUTDOOR FUN:

Our kids made super fun things out of a cardboard box and it was looking like a carnival itself, we enjoyed seeing the creativity of our darlings and appreciated them.

We took them to park and had a few sports competition.

LEARNING BEYOND:

Students learnt free style dancing techniques; we continue the music lessons this month as well.

Apart from entertainment they are learning to build self confidence and speaking everyday about themselves and their likes and dislikes.
